Course Content

RRC's **NEBOSH International Diploma in Environmental Management** is made up of two units:

Unit ED1: Controlling Environmental Aspects

- Key environmental cycles and the effects of human activity on the environment
- Environmental leadership
- Environmental Management Systems and emergency planning
- Environmental risk evaluation and control
- Environmental performance evaluation
- Sustainability
- Waste management
- Managing emissions to the atmosphere
- Managing emissions to the water environment
- Control of environmental noise
- Hazardous substances and contaminated land
- Energy use

Unit IDEM2: Environmental Regulation

Comprises two elements:

- Enforcement of environmental legislation
- Pollution prevention and control legislation

Assessed by an assignment based on a review and analysis of your organisations Environmental Management System.

Assessment

Unit ED1 of the NEBOSH International Environmental Diploma is assessed by a three hour written exam. Unit IDEM2 is assessed by a work-based project.
