

RRC's Short Courses

RRC's Short Courses are designed for In-Company delivery. They can be adapted to meet the specific requirements of your organisation and can be delivered in many languages. Below is a summary of the general course content and aims. Contact us if you would like to discuss any adaptations that would benefit your organisation.

Asbestos Awareness - Course Summary

RRC's Asbestos Awareness Short Course introduces the hazards of asbestos together with the precautions required under the Control of Asbestos Regulations 2012.

It is ideal for:

- Safety Professionals
- Managers of areas where asbestos may be present
- Workers who could be potentially working near asbestos

Course Aims and Objectives

The **RRC Asbestos Awareness Short Course** will allow Learners to:

- Understand the potential hazards posed by exposure to asbestos and the ill-health effects which can result
- Overview of the Control of Asbestos Regulations 2012 and the key duty holders
- Outline the duties as they apply to notifiable and non-notifiable works
- Overview of which works require an Asbestos Licence

Course Duration

1 Day (8 Hours)
