

RRC's Short Courses

RRC's Short Courses are designed for In-Company delivery. They can be adapted to meet the specific requirements of your organisation and can be delivered in many languages. Below is a summary of the general course content and aims. Contact us if you would like to discuss any adaptations that would benefit your organisation.

DSEAR Awareness - Course Summary

RRC's **DSEAR Awareness Short Course** provides an introduction to the Dangerous Substances and Explosive Atmosphere Regulations 2002 (DSEAR). It is designed to inform learners of the contents of DSEAR and outline actions to take for compliance.

The course is ideally suited for anyone required to work in or near explosive atmospheres.

Course Aims and Objectives

The **RRC DSEAR Awareness Short Course** is designed to cover the following topics:

- Introduction to DSEAR
- ATEX 137 and DSEAR regulations 7 and 11
- Identifying flammable atmosphere zones
- Dust and vapour
- Storage of dangerous substances

Course Duration

1 Day (8 hours)
